Customer Service Information:

For subscription questions, missing or back issues of *The Bridge Bulletin*, call Sharon Baldwin 901-332-5586, ext. 1281. For a change of address requests call Terri Wheaton 901-332-5586, ext. 1234 or Cindy Wages at ext. 1218.

The ACBL from A to Z

As a member of the ACBL, you are one of a very special group of nearly 170,000 people who enjoy the camaraderie and fun of participating in a game of skill and strategy. ACBL members agree that duplicate bridge is one of the most challenging and exciting sports in the world!

ACBL is made up of 300+ units and 25 districts. Its main office is in Memphis, Tennessee, where an administrative staff of 90+ is housed. There are an additional 200+ tournament directors on the road. The ACBL Board of Directors determines the policies and direction of the organization.

ACBL provides a Customer Service Line that is available 24 hours a day toll-free, 800-467-1623. You can check on your masterpoint holdings, or leave us a message about your magazine and/or dues status and your call will be returned within 24 hours (excluding weekends and holidays). ACBL also offers members the opportunity to check masterpoints and get updates on all sorts of bridge information on its web site at – www.acbl.org.

This booklet has been created to provide you with information of interest to all ACBL members. It will serve as a reference guide to the wonderful world of duplicate bridge. Please note these special features:

- ♠ A list of ACBL Member Benefits on pages 3,
- ♠ A guide to the popular bridge shorthand used on the Internet on page 14,
- ♠ Web site references to lead you to more information online,
- ♠ A special ad on the inside back cover of the booklet to introduce some of the products available through ACBL's Sales Department.
- ♠ The Masterpoint ranks that members can achieve on page 22,
- ♠ A guide to the different types and colors of masterpoints and how to earn them on page 16,
- ♠ A contact sheet on the inside front cover to help you get the information you want from ACBL Headquarters.

Enjoy!

You hold the winning hand as a member of the ACBL!

www.acbl.org

Be sure to visit the ACBL web site often for the latest news and activities.
You will find these features and more!

♥ Find a Teacher

Online directory of accredited teachers.

♥ Find a Club

Online directory of club locations and game times throughout North America. This is a great resource when you are on the road.

♥ Tournament Calendar

Information on every tournament scheduled in North America for the year.

♥ Special Events

See the Special Events Schedule in the Play section for games at clubs offering extra masterpoints.

♥ Shop ACBL

The online catalog to shop for bridge books, software, game supplies and accessories.

♥ Convention Cards

Download cards and fill in cards from the links in the Tools and Supplies section of the Play section.

♥ My ACBL

The exclusive member portal where you can check your masterpoints, renew membership, manage your ePrivacy and more.

♥ Play Online for Masterpoints

The web site includes links to the online clubs that offer ACBL masterpoint games.

♥ Learn to Play Bridge Software

Free software can be downloaded from the Learn section to help you brush up or teach a friend to play.

♥ Submit a Question

Have a question for us? Go to Resources for Members and click on the appropriate category.

A

American Contract Bridge League

The American Contract Bridge League (ACBL) is a not-for-profit organization established in 1937 with headquarters in Memphis TN since 1972. It is the primary and largest official sanctioning body for competitive and duplicate bridge in North America. Each year more than 2.5 million tables of bridge are played under ACBL auspices at clubs and tournaments in North America, overseas, online and even on cruise ships. See "About ACBL" at www.acbl.org/about/index.html.

ACBL Bridge Series

The ACBL publishes five student textbooks and teacher manuals designed to make bridge easy to learn and fun to play. Each student text is coordinated with a teacher manual that offers lesson plans for teachers. The series, written by Canadian author and educator Audrey Grant, follows a spiral curriculum. Each course addresses bidding, play and defense with a different focus and presents eight chapters (eight two-hour lessons) per book. The five books are: Bidding (The Club Series), Play of the Hand (The Diamond Series), Defense (The Heart Series), Commonly Used Conventions (The Spade Series) and More Commonly Used Conventions (The Notrump Series). Also available are sets of coded E-Z Deal Cards that allow the student to deal out the practice deals found at the end of each of the eight chapters in each of the texts.

ACBL Bridge Hall of Fame

The ACBL Bridge Hall of Fame was founded in the 1960s under the auspices of The Bridge World magazine. The Hall honors people who have made outstanding contributions to bridge. Now housed at ACBL Headquarters in Memphis TN, the hall displays portraits of all of its members and inducts new members each summer in conjunction with the NABC. See "Hall of Fame" at www.acbl.org/about/hallOfFame.html.

ACBL Charity Foundation

The ACBL Charity Foundation was created in 1964 to make contributions to various charitable organizations. The foundation is a 501(c)(3)

organization, and contributions are fully tax deductible.

ACBL Educational Foundation

The ACBL Educational Foundation was created in 1987 and provides grants to promote bridge education. The foundation is a 501(c)(3) organization, and contributions are fully tax deductible.

ACBL Headquarters

The ACBL headquarters is located at 2990 Airways Blvd., Memphis TN 38116-3847. Phone: 901-332-5586; FAX: 901-398-7754; Customer Service Line: 800-467-1623; Sales Department Line: 800-264-2743. On the Internet: www.acbl.org.

ACBL MasterCard

The ACBL offers its members the opportunity to apply for the official ACBL credit card issued by MBNA Bank for U.S. residents and MBNA Canada for those residing in Canada. Support your organization and carry a unique, custom-designed card that proudly displays the American Contract Bridge League logo. Visit the ACBL's web site for more information. Members who reside in the United States, age 26 and older, receive periodic mailings pertaining to the ACBL MasterCard. See "MasterCard" at www.acbl.org/join/benefitdetails.html#mc.

ACBLscore

ACBL has developed a computer-scoring program known as ACBLscore that is available to clubs and tournaments. This program enables a game to be scored almost instantly once the last deal has been played and the result entered. The program is free for ACBL sanctioned games.

Accredited Bridge Teachers

The ACBL has trained bridge teachers since 1986 through the TAP (Teacher Accreditation Program) developed by Audrey Grant. The TAP introduces bridge teachers to the most successful methods for teaching bridge to beginning players. It is offered at all NABCs and when requested regionally. In addition, ACBL recognizes as accredited those people who have also successfully completed the Easybridge!

Presenters course and the Better Bridge Teacher training course.

Ace of Clubs

The vast majority of ACBL members play in local club games most of the time. To recognize achievement at the club level, the Ace of Clubs competition was created in 1984. These club champions are recognized at the unit level and ACBL-wide. All points won at the club level are counted in this contest with the exception of those won in STaCs (Sectional Tournaments at Clubs), progressive sectionals, NABC fund-raiser events, North American Pairs and Grand National Teams.

Active Ethics

A primary objective of the ACBL is to instill in all players the concept that vigorous efforts should be made to provide equity in bridge. Every player should take pains to make sure that the opponents have in no way been harmed through incomplete or misleading information as to the meaning of conventional calls and treatments. An aggressive approach along these lines on the part of each and every individual will ensure that bridge remains a game that everyone can enjoy.

Adjusted Score

This is a score assigned by a tournament director (or an appeals committee) when either an infraction of the Laws or a procedural error has occurred. The director is empowered by the Laws to take this action.

Adventures in Duplicate

Adventures is an excellent paperback book designed to guide beginning players through their first three years of duplicate bridge. It was written by Edith McMullin, creator of Easybridge! This book provides information on basic conventions and the wonderful and unique world of duplicate bridge.

Albert H. Morehead Memorial Library

This bridge library is located at ACBL headquarters. It is one of the largest bridge libraries in the world with more than 3000 volumes, many artifacts and historical documents. The library is named in honor of Albert H. Morehead, a member of the ACBL

Bridge Hall of Fame, who was a noted bridge author and ACBL official. Morehead bequeathed his private collection to the ACBL.

Alert

When bid boxes are in use, an Alert is made by tapping an Alert card on the table or by tapping the Alert strip on the side of the bidding box and by saying "Alert." When bidding boxes are not in use, the partner of the player making an alertable call should say "Alert." The opponent who is next to call can inquire as to the meaning of the call at that time or can reserve the right to inquire at any later turn to call or play. Calls that need to be alerted are shown in red on the official ACBL Convention Card and noted on the Alert Chart. The objective of the Alert procedure is for both pairs at the table to have equal access to all information contained in any auction. Saying "Alert" is a method of drawing the opponents' attention to the fact that partner's call has a conventional or unexpected meaning.

American Bridge Association (ABA)

The American Bridge Association was founded in 1932 to accommodate black bridge players. At the time, black bridge players were not welcome at ACBL tournaments. The organization continues today, although neither the ACBL nor the ABA deny membership based on race or color.

American Bridge Teachers' Association (ABTA)

Founded in 1957, this nonprofit, professional organization, composed primarily of bridge teachers, is dedicated to promoting higher standards of bridge teaching and playing. The ABTA holds an annual convention just prior to the ACBL Summer North American Bridge Championships at the site of the tournament. This convention offers the best form of continuing education available to bridge teachers.

Announcement

Announcements are an extension of the Alert System. An announcement is a method by which a player uses one word or a short phrase to tell the opponents directly the meaning of partner's call. Announcements are required in the following four instances only:

- ◆ After a natural 1NT opening bid, state the range (12-14, 15-17, etc.).
- ◆ After a bid of diamonds or hearts transferring to hearts or spades respectively in response to a notrump bid, say, “transfer.”
- ◆ After a 1NT forcing or semi-forcing response to a 1♥ or 1♠ opening bid, say, “forcing” or “semi-forcing.”
- ◆ After a 1♣ or 1♦ non-forcing opening where the suit may contain fewer than three cards, say, “may be short.”

When bid boxes are in use, say the announcement word, such as “transfer” and tap the Alert strip in the bid box at the same time. Calls that need to be announced are shown in blue on the official ACBL Convention Card and noted on the Alert Chart.

Appeal

An appeal is a request for a review of a director’s ruling. Any ruling by a director may be appealed, but an appeals committee does not have the authority to overrule the director on a point of bridge law or regulation. See the “ACBL Disciplinary Code” at <http://web2.acbl.org/discipline/code.htm#7>.

Attitude

Attitude in bridge denotes the interest or lack of interest of a defender in having a suit led or continued by partner. The predominant method of encouraging the lead or continuation of a suit is a high-low signal (to play or discard a high card followed at the next opportunity by the play or discard of a low card). To discourage a lead, a defender usually plays the lowest card in the suit.

Average Score

An average score is one-half the matchpoints possible on a given deal or in a particular session of a matchpoint pairs tournament.

B

Balancing

To balance means to (re)enter the auction with a bid or double when the opposing bidding has stopped at a low level.

Barometer

This is a scoring method that originated in Sweden in which each deal is played simultaneously. Running totals are usually posted shortly after the conclusion of play of each set of boards, thus heightening the interest for both players and spectators.

Barry Crane Top 500

This trophy is presented to the ACBL member who has accumulated the most masterpoints during the calendar year. Originally known as the McKenney Trophy, it was renamed in 1986 in honor of Crane, who had a dominant influence on the race for three decades. Crane, a Hollywood director and producer who was murdered in July of 1985, was the ACBL’s top masterpoint holder at the time of his death and was acknowledged by his peers to be unequalled as a masterpoint winner and matchpoint player.

Benefits of Membership

The main benefits of ACBL membership are:

- ♣ Belonging to the largest and best bridge organization in the world,
- ♣ The Bridge Bulletin, the world’s most widely distributed bridge magazine,
- ♣ Discounted entry fees for most tournament play including three North American Bridge Championships per year,
- ♣ Access to a listing of more than 3500 bridge clubs across North America,
- ♣ An 800 line for Member Services,
- ♣ A 10% discount on ordering bridge-related products and an 800 Sales line,
- ♣ The opportunity to win masterpoints, have them recorded and earn levels of achievement,
- ♣ The ability to participate in benefit programs designed especially for ACBL members (ACBL MasterCard, insurance programs including a free discount Rx America Prescription Card, discounted Hertz car rental, CopyMax Discount card),
- ♣ Access to exclusive member sites on the Internet,
- ♣ The fun, friendship and competition of bridge.

Note: New members are allowed to record a maximum of 20 masterpoints earned in the 12

months prior to joining ACBL by supplying the city, event and date when the points were won to ACBL's Club Member Services Department.

Bermuda Bowl

The biennial (odd years) World Bridge Federation Team Championship and the trophy at stake are both called the Bermuda Bowl.

Bermuda Contract Bridge League

Although Bermuda is a part of the ACBL, the country has its own national contract bridge organization (NCBO) known officially as the Bermuda Contract Bridge League (BCBL). The BCBL deals with sending representatives to world championship events.

Bid Box

A bid box is a device to permit silent bidding. Bid boxes were first used in Scandinavian countries. To make a call, the player takes the appropriate card from the box and places it on the table in front of the player. All bidding cards remain on the table until the auction is concluded, thus avoiding the need for a review of the bidding and eliminating the possibility of mishearing a call.

Black Points

Masterpoints awarded at club and unit level games are black. A new member needs at least 50 black points (out of a total of 300 points of all colors) to become a Life Master.

Blackwood

A convention in which a 4NT bid is used to discover the number of aces held by partner was invented by Easley Blackwood in 1933 and has attained worldwide popularity. Blackwood, an ACBL executive who was credited with putting the ACBL back on a sound financial basis in the late '60s, became one of the most famous bridge personalities in the world as a result of this convention.

Blackwood Award

Named in honor of the late Easley Blackwood, this award was established in 1996 to honor bridge players, living or deceased, who contributed to the game in areas outside of bridge-playing expertise. Albert H. Morehead,

an ACBL official, bridge writer, editor and player, was the first recipient of the award. Portraits of the people who receive this award are displayed in the ACBL Bridge Hall of Fame, located at ACBL Headquarters in Memphis TN.

Blue Ribbon Pairs

One of the most prestigious of the annual North American Championship events, the Blue Ribbon Pairs is contested at the Fall NABC. Entry is limited to players who have qualified to participate. The most common methods of achieving qualification are:

- (1) to have finished high in North American Championship events, or to have finished first or second in regional-rated championship events (at least two sessions),
- (2) to be one of the top 100 masterpoint holders,
- (3) to be a member of current official teams representing the ACBL or any of its member countries in international competition,
- (4) to be a winner of one of the District Grand National Teams championships.

Board

In bridge, board has two meanings:

- (1) A duplicate board.
- (2) The dummy's hand, so called because it lies on the table.

Board-a-Match

Board-a-Match is a form of duplicate scoring used in team contests in which one matchpoint is awarded for winning the hand and 1/2 matchpoint is awarded for a tie.

Board of Governors

The ACBL Board of Governors serves in an advisory capacity to the ACBL Board of Directors. This body meets during each NABC.

Board of Directors

The ACBL Board of Directors determines the policies and direction of the ACBL. The board elects a president, vice-president and a treasurer, each for a one-year term. The board meets three times a year, usually during the week prior to

each NABC. It also elects five representatives to the World Bridge Federation Executive Council for three-year terms.

Bracketed Knockout Teams

This event is run as a knockout team event with one exception. All teams will play against similarly rated opponents. Each team's bracket is determined by averaging the entire team's masterpoint holdings. This is the most popular event in which to play to earn gold points at regionals and NABCs.

Bridge in Your Neighborhood

This is a brochure template created by the ACBL Marketing Department for bridge organizations and volunteers to use to develop informational pieces for local distribution.

The Bridge Bulletin

The ACBL's monthly magazine, The Bridge Bulletin, is filled with information on bidding and play for all levels of players, information regarding upcoming tournaments, bridge book and software reviews and reports on special bridge competitions. The magazine also gives each member a personalized masterpoint update in each issue.

Bridge Plus+ Games

Bridge Plus+ is a shorter, friendlier, low-key duplicate experience created especially for students who have taken one or more of The ACBL Bridge Series courses. The game is patterned after the students' classroom experiences. They play 10 to 14 deals in a two-hour game supervised by an ACBL Accredited Teacher. Bridge Plus+ game sanctions are offered free to ACBL Accredited Teachers.

Bridge Teacher Handbook

This booklet is presented to all graduates of the ACBL TAP seminars. It contains information to help teachers effectively present bridge lessons and includes many of the innovative ideas developed by teachers working with The ACBL Bridge Series courses. Most of the ideas were originally published in the early issues of The Bridge Teacher newsletter. The Bridge Teacher Handbook is available in the Resources for Teachers section at www.acbl.org.

Bridge Teacher Newsletter

The Bridge Teacher Newsletter began in March 1988 and is produced three times a year for accredited teachers. Current and back copies can be found under Resources for Teachers at www.acbl.org/documentlibrary/teachers/bridgeteacherlatestissue.pdf.

The Bridge World

This is the oldest continuously published magazine dealing with contract bridge. It was founded and first published by Ely (E-Lee) Culbertson, the man credited with making bridge an internationally popular pastime and for many years America's foremost authority on contract bridge.

Bronze Life Master

A player with Life Master status who has at least 500 masterpoint is known as a Bronze LM.

C

Caddy

A caddy is an assistant at a bridge tournament who is selected by the local tournament committee and is usually one of a group of interested high-school students. The main function of a caddy is to collect the score slips (results on the deals played at each table of a duplicate game) following each round, to deliver them to the scorekeepers and to maintain the tournament supplies.

Caddy Master

The Caddy Master is the person at an ACBL tournament who is responsible for recruiting, training and supervising the caddies. A complete training guide to assist the Caddy Master in fulfilling these responsibilities can be accessed at the ACBL web site. See "Caddy Guide" at www.acbl.org/documentlibrary/units/Caddy%20Guide.pdf.

Call

Any bid, double, redouble or pass in bridge is known as a call.

Canadian Bridge Federation (CBF)

Although Canada is a part of the ACBL,

the nation also has its own national bridge organization (NBO), the Canadian Bridge Federation (CBF). The CBF, established in the late 1960s, represents all Canadian players, not just champions vying for international competition. It deals with its own national championships, its own charity organization and its own representation in world championships. See the "CBF" at www.cbf.ca.

Celebrity Speaker Program

One of the features of a typical Intermediate-Newcomer (IN) Program is a series of free lectures given at tournaments by bridge celebrities. This is a wonderful opportunity for newer players to learn more about duplicate bidding, defense and conventions. Three times a year at the NABCs, bridge celebrities and bridge teachers give 30-minute mini-lessons twice a day (except for the final Sunday of the tournament).

CEO

ACBL headquarters, located in Memphis TN, operates under the guidance of a paid Chief Executive Officer selected by the ACBL Board of Directors. The current CEO is Jay Baum.

Charity Fund Games

April is Charity Month. All sanctioned sessions may be held as Charity Fund Games except during the months of February and September. These games award 100% sectional-rated black points.

Chicago (Four-Deal Bridge)

Chicago is a form of bridge frequently played in clubs and well suited to home play. It is named after the city in which it originated.

Claim or Concession

According to the Laws of Duplicate Contract Bridge, a claim or concession is a suggestion that play of a deal be curtailed; a statement to the effect that a player will win (claim) or lose (concession) a specific number of tricks. Procedures differ in social and duplicate bridge.

Club

Any individual ACBL member, group of ACBL members or nonaffiliated organization (such as a

country club, a fraternal or industrial organization, or a church or other religious group) may apply for a sanction from the ACBL to conduct a duplicate game(s) at which masterpoints are awarded. Clubs allow ACBL members and others the opportunity to compete on a regular basis in their own communities. The people holding these sanctions become club managers and they operate clubs which may offer as few as one sanctioned game a month to as many sanctioned sessions as 21 a week. The games are held at specific times and locations according to the sanction of each. There are approximately 3,300 clubs which run nearly 2.5 million tables of sanctioned bridge annually.

Bridge clubs take many forms. Some are conducted as proprietary clubs in which the owners expect to make a profit just like a motion picture theater where entertainment is provided in return for an entry or admission fee. Some clubs are owned by the members and operated by a board with bylaws. Clubs may also be sponsored by organizations such as a country club, a service group or a residential complex. A few clubs are run in foreign countries on military bases, some are located on the Internet and others are found on cruise ships.

Most full-time clubs offer bridge lessons on site, a bridge library for members to use, social activities, tournaments for newer players and special events for ACBL members. Fun, excitement, interesting people and endless bridge hands can be found at a local club game.

For detailed information on ACBL games in your area, see the "Find a Club" site at www.acbl.org/play/findClub.html.

Club Appreciation Games

Club Appreciation Pair Games are special games run during the month of October at clubs. They offer masterpoint awards calculated at 100% sectionally-rated black. Club Appreciation Team Games are special games run during the month of October at clubs. They also offer masterpoint awards calculated at 100% of sectionally-rated black, but overall awards are 5% gold (not to exceed 2.5 gold points).

Club Championship

Each regularly scheduled weekly game is entitled to four club championship sessions per year. Overall awards for club championship games in open clubs are 65% of sectional rating.

Club Director

ACBL offers any member the opportunity to become an ACBL-rated club director in order to run a local club-level sanctioned game and award masterpoints. This title can be achieved through a self-study course or by attending a Club Director Course and successfully completing a test. See “Become a Club Director” at www.acbl.org/clubs/becomeClubDirector.html.

Club Directors Handbook

This publication, new in 2003, is available as study material for people wishing to become ACBL club directors and for club directors to use in running games at ACBL clubs.

Club Game Classifications

There are five general classes of games at clubs.

- ♠ Open club games welcome all players.
- ♠ Invitational club games may limit participation to members of a particular organization or to participants invited by the club manager. Guests are often accepted at invitational clubs.
- ♠ Masterpoint limited club games are for players who are beyond Rookie level but not ready for open competition. These games may have any limitation that is determined to be best for the players in question — such as 49er, 99er, Non Life Master.
- ♠ Newcomer club games may operate under different titles (newplicate, novice, 0-5, 0-20, etc.), but participation is limited to persons holding fewer than 20 masterpoints on record with the ACBL.
- ♠ College or high school club games are special forms of invitational club games restricted to students, faculty members and their spouses.

Club Managers Newsletter

The Club Managers Newsletter is published three times a year to provide information to club

managers, club owners and club directors and to share tips for success at ACBL clubs. Current and back issues are on the ACBL web site. See the “Club Managers Newsletter” at www.acbl.org/clubs/clubManagersNewsletter.html.

Club Managers Handbook

This publication was produced by ACBL in 2004 and a copy was sent to each club manager. The booklet contains suggestions for running a successful club which have been collected over the years from club managers. It also contains basic information on sanctioning and running club games. This publication is sent to club managers of newly sanctioned games. Additional copies can be purchased through the ACBL Sales Department and it is available online at www.acbl.org/documentlibrary/clubs/ClubManagersHandbookFinal1.pdf.

Club Master

A player with 20 to 49.99 recorded masterpoints is known as a Club Master.

Club Masterpoints

Points earned at the club level in games with club rating are called club masterpoints. These are black points and are distributed in fractional amounts. One hundred fractional points equals one masterpoint.

The Club Series

This is the original title of Bidding, the first course in The ACBL Bridge Series written by Audrey Grant.

Commonly Used Conventions

This is the title of the fourth course in The ACBL Bridge Series written by Audrey Grant. It is a replacement book for the original Spade Series, a course on duplicate.

Communication between Partners

According to the Laws of Duplicate Contract Bridge, communication between partners during the auction and play should happen only by means of the calls and plays themselves. Calls (when bidding boxes are not in use) should be made in a uniform tone without special emphasis or inflection and without undue haste

or hesitation. Plays should be made without emphasis, gesture or mannerism, and so far as possible, at a uniform rate.

Compact KO (Knockout)

A compact KO is a two-session bracketed KO designed to be completed in one day. This can be a gold-point event but is limited to four-person teams.

Computer Hands

Hand records prepared by the computer provide not only truly random deals but also a practical, quick, inexpensive method of producing duplicated hands for a multi-section bridge event. Packages of hand records can be purchased through the ACBL Sales Department 800-264-2743.

Continuous Pairs

The Continuous Pairs (or Side Game Series) is a series of at least three one-session games open to all players. Participants may enter as many sessions as they wish and play with the same or different partners. Overall ranking is done on an individual basis by computing the sum of each player's two best games. At NABC and regional tournaments, gold points are awarded to section-top placing players who have competed in at least two sessions of this event. Each session of a series also may be run as a one-session stratified pairs.

Convention

A convention can be a call or play. By agreement or understanding between partners, a convention serves to convey a meaning that differs from what the opponents would expect in the absence of an explanation.

Convention Card

A convention card is a shortcut to allow the opponents to know what system a partnership has elected to play. It lists generally used conventions and treatments on a check off basis and provides space to list other conventions and treatments. See also Standard American Yellow Card, Fat-Free in this publication and "Convention Cards" at www.acbl.org/play/toolsSupplies.html. This section of the web site also contains a program that allows you to fill out a card online.

Convention Charts

Each ACBL game is governed by a specific convention chart that states the conventional agreements allowed. There is a Limited Chart, a Mid-Chart, a General Chart and a Super-Chart. See "Convention Charts" at www.acbl.org/documentLibrary/units/convChart12_03.pdf.

Cooperative Advertising Program

This program is available to teachers, clubs, units, districts and ACBL members who are involved with promoting bridge. The CAP will refund you 75 percent of advertising costs up to \$1,000 per program, specifically for beginning bridge lessons, newcomer programs and ACBL recruitment. That's a \$750 reimbursement for \$1,000 or more in advertising costs. The CAP will supply you with ACBL logos and sample ad templates for a professional look. See "The ACBL Cooperative Advertising Program" at www.acbl.org/marketing/coopAdvertising.html.

Correction Period

The time specified by the sponsoring organization during which corrections to the score may be sought is the official correction period for a sanctioned game.

Count Signals

Count signals allow a defender to indicate to partner the length held in a particular suit. The standard procedure is to play high-low with an even number of cards and to play low-high with an odd number of cards.

Crossruff

A crossruff is a method of play whereby ruffing tricks are made in each of the partnership hands, thus using the trumps separately.

Cruise Ship Bridge

Some ships are sanctioned annually by the ACBL to offer bridge games on all of its scheduled cruises. These games award masterpoints. If a ship does not have this type of arrangement, an individual may apply to the ACBL to run sanctioned games on specific cruises, with the approval of the cruise line in writing. See "Cruises" at www.acbl.org/play/findClub.html.

Cuebid

A cuebid is a bid in a suit already shown by an opponent and in which the bidder is not suggesting the contract be played.

Culbertson, Ely

Ely Culbertson was the man credited with making bridge an internationally popular pastime. Ely (E-Lee) and his wife, Jo, are members of the ACBL Bridge Hall of Fame, www.acbl.org/about/halloffame.html

Customer Service Line

ACBL has a toll-free Customer Service Line accessible 24 hours a day, seven days a week. Members with touch tone phones can learn their masterpoint totals and dues status instantly, report missing magazines and leave messages. The toll-free number is 800-467-1623.

D

Deal

Deal has four meanings in bridge:

- (1) To distribute the 52 cards to form the hands of the four players,
- (2) The privilege of distributing the cards,
- (3) The act of dealing,
- (4) The cards themselves when distributed.

Defective Trick

A defective trick is one that contains less than or more than four legally played cards, one from each player.

Defense

This is the title of the third course in The ACBL Bridge Series of student texts and teacher manuals written by Audrey Grant. It was originally called The Heart Series and is sometimes referred to by that name.

Defense Database

A database listing recommended defenses to unusual conventions is available on the web site. See the "Defense Database" at <http://web2.acbl.org/defenseDataBase/defensedatabase.htm>.

Diamond Life Master

An ACBL Life Master who has at least 5000 masterpoints is known as a Diamond Life Master.

The Diamond Series

This is the original title of the second course in The ACBL Bridge Series of student texts and teacher manuals, currently called Play of the Hand and written by Audrey Grant.

Director

The director of a duplicate bridge game is the person designated to supervise the contest and to apply the laws. There are ACBL-certified club directors, many ranks of tournament directors and IN (Intermediate-Newcomer) directors, those who have been trained to work with newer players. See also Club Director and Tournament Director.

Discounts for Members

ACBL offers a 10% discount to its members on hundreds of bridge products purchased through the ACBL Sales Department. The toll-free number is 800-264-2743. Members also receive a discount on entry fees at all NABCs and at many sectional and regional tournaments. See "Shop ACBL" at <https://web3.acbl.org/sctemplate.nsf/frmManFrame?OpenForm>.

Districts

The ACBL is divided into 25 districts. Each district elects one member to serve on the ACBL Board of Directors, three members to serve on the Board of Governors and two alternate directors who are eligible to attend Board of Governors meetings. Each is elected for a three-year term. When someone joins ACBL, they become a member of a specific unit and the district in which the unit is geographically located.

Double Dummy

When a deal is played in a way that it could not be improved upon, as though declarer were looking at all four hands, it is said to have been played Double Dummy. The term can also be used to refer to perfect play by the defenders.

Drury

A conventional response (2♣ and/or 2♦) by a passed hand after partner makes a one-level major-suit opening is called Drury. The response asks partner to clarify the strength of the hand.

Duplicate Bridge

Duplicate bridge is a form of the game whereby the conditions of play are duplicated exactly at each table: the same cards in each hand, the same dealer, the same vulnerability. The matchpoint score does not depend on the luck of the deal. Matchpoints are derived by comparing the scores made by players who hold the identical cards under the identical conditions.

Duplicate Decisions

Duplicate Decisions is an ACBL publication which presents the Laws of Duplicate Contract Bridge in everyday language. It's ideal for players who want to know more about the laws governing the game and for club directors to use in directing local games. You may order a copy or view it online. See "Duplicate Decisions" at www.acbl.org/documentlibrary/clubs/DuplicateDecisions04.pdf.

E

Easybridge!

Easybridge!, created by educator Edith McMullin, is an outstanding marketing program designed to attract and develop new duplicate bridge players and games. Check out the web site at www.Easybridge.com for information about the program and how to become an Easybridge! Presenter.

Emerald Life Master

An ACBL Life Master who has at least 7500 masterpoints is known as an Emerald LM.

Ethics

In bridge, ethics equals fair play. Breeches of ethics are generally thought of as unfair and illegal practices that could include deliberate cheating. The Laws of Duplicate Contract Bridge deal with the question of proper behavior at bridge.

Etiquette

Much of the popularity of contract bridge is attributable to the high standards of etiquette which are observed by the players. A player should maintain at all times a courteous attitude toward partner and the opponents. A player should carefully avoid any remark or action that might cause annoyance or embarrassment to another player, or that might interfere with another player enjoying the game. Players who fail to uphold these standards should be reported to the director under the ACBL Zero Tolerance policy. As a matter of courtesy, a player should refrain from:

- ♥ Paying insufficient attention.
- ♥ Making gratuitous comments during the play as to the auction or the adequacy of the contract.
- ♥ Detaching a card from the hand before it is that player's turn.
- ♥ Arranging the cards played to previous tricks in a disorderly manner or mixing the cards together before the result has been agreed to.
- ♥ Making a questionable claim or concession.
- ♥ Prolonging the play unnecessarily.

Exciting World of Bridge

This brochure is subtitled Welcome to Your First Duplicate Game. Originally created by Edith McMullin, it is an excellent publication to use at clubs when introducing new players to the special features of duplicate games. The ACBL Sales Department will send you a small number of these brochures on request. More can be ordered for a nominal fee for use in local promotional efforts. Or read it on the web site. See "Introduction to Duplicate Bridge" at www.acbl.org/learn/introDuplicate.html.

Explanation of Any Call or Play

During the auction and before the final pass, any player may, at that player's turn to call, ask for a full explanation of any call made by an opponent. After the final pass and throughout the play, any player except dummy may, at that player's own turn to play, ask for an explanation of opposing calls or card play conventions. It is better to ask a question in general terms, rather than call attention to one particular suit and so expose

oneself to the suggestion that the question may be lead-directing.

E-Z Deal Cards

E-Z Deal cards are decks of cards which have been coded to allow a foursome to create a special deal without seeing the faces of the cards. E-Z Deal cards were adapted from cards used in Europe in 1988 by Julie Greenberg, ACBL Director of Education, for use in The ACBL Bridge Series courses. Call the ACBL Sales Department for a free copy of The Bridge Source product catalog for information on additional varieties of E-Z Deal cards.

F

Face-Down Leads

Face-down opening leads are required in tournament play. Once the lead is made face down, partner may ask questions about the auction. This ensures that the partner of the leader will not influence the opening leader's choice of lead. A face-down opening lead made by the wrong player may be picked up without penalty upon instruction of the director.

Factoring

The process of adjusting matchpoint scores to the same base to make them comparable for ranking purposes is known as factoring.

Fat-Free Convention Card

This is the nickname for the ACBL simplified convention card developed for the use of players who do not employ many conventional agreements.

Federacion Mexicana de Bridge (Mexican Bridge Federation)

Although Mexico is part of the ACBL, Mexico has its own national bridge organization (NBO) known as the Mexican Bridge Federation (MBF). The MBF deals with its own representation in world championship events.

Field

All of the contestants entered in an event when discussed as a whole are known as the field.

Five-Card Majors

A bidding method in which an opening bid of 1♠ or 1♥ guarantees at least a five-card suit is known as five-card majors.

Flighted

In a flighted event, contestants compete only against other pairs/teams within the same point range. For example, if Flight C is 0-200 masterpoints, no player with more than 200 masterpoints may be included in the group. A player may always play up in flighted events (e.g., A Flight B player could elect to enter Flight A), if the player wishes. The higher the flight, the more difficult the competition and the more masterpoints awarded to the winners.

Force

In bridge, force has two meanings:

- (1) Noun: Any bid or call making it incumbent upon the bidder's partner to bid at least once more.
- (2) Verb: To cause a player to use a high card or a trump.

Fouled Board

A deal in which a card or cards or hands have been placed in an incorrect pocket constitutes a fouled board. Since the nature of duplicate is to play the exact same deals at each table and then compare results, a deal that changes during the course of play can no longer be compared and must be scored by a formula known as the fouled-board formula.

G

Game

Game in bridge is a level of bidding (the four-level in the majors, the five-level in the minors, the three-level in notrump) which, when bid and made, awards 100 points or more in trick score.

George Burns Trophy

This trophy, inaugurated in 1993, is given annually to the ACBL Senior Player of the Year. It is named for George Burns, famous comedian, who played bridge daily at his country club into his late 90s.

Gerber Convention

A bid of 4♣, invented by the late John Gerber, from Houston TX and a member of the ACBL Bridge Hall of Fame, which asks partner how many aces are held. The normal responses are: 4♦ — no aces or all four aces; 4♥ — one ace; 4♠ — two aces; 4NT — three aces. A bid of 5♣ asks for kings and the responses are the same but one level higher.

GNT (Grand National Teams)

The Grand National Teams (GNT) is a major ACBL team championship conducted with district qualifying rounds in clubs, units and/or districts, leading to a final round held in conjunction with the Summer NABC.

Gold Life Master

An ACBL Life Master who has acquired at least 2500 masterpoints is known as a Gold Life Master.

Gold Points

Gold points are a type of masterpoint. They are awarded for topping your section or placing overall at regionals and NABCs in events of two or more sessions which have either no masterpoint restriction or a minimum masterpoint limit of 750 points or more. Partial gold point awards are given for certain special events.

Golden Age Master

A special category was set up by the ACBL to recognize the achievements of older members. There are two ways to qualify to become a Golden Age Master:

- (1) 70 years of age with 300 points of any color.
- (2) 80 years of age with 100 points of any color.

Goodwill Committee

The ACBL Goodwill Committee and its individual members work to create goodwill for ACBL. They receive, convey and act on suggestions for the betterment of ACBL, particularly in the areas of active ethics, conduct, tournament conditions, bridge for Juniors and bridge for the handicapped. The Goodwill Committee will celebrate its 50th Anniversary in 2005.

Grand Life Master

The highest rank in the ACBL is Grand Life Master. To achieve this rank, a player must have earned 10,000 masterpoints and won at least one NABC+ event with no upper masterpoint limit.

Grand Slam

A grand slam awards a bonus for bidding and winning all 13 tricks.

Grapevine Newsletter

The Grapevine is a newsletter for Junior players published three times a year. Current and back issues are on the web site. See "The Grapevine" at www.acbl.org/juniors/index.html.

Group Insurance Program

A special benefit of membership is the option to participate in group insurance plans administered by Marsh Affinity Group Services. See "Group Insurance" at www.acbl.org/join/benefitdetails.html#group.

Guidecard

A printed card used in duplicate bridge to give the progression of the players and the boards is called a guidecard. There are table guidecards and individual guidecards.

H

Hand

A hand constitutes the cards held by one player. The term is also used to indicate the order in bidding and playing rotation, as in "second hand" or "fourth hand."

Hand Records

The term Hand Records refers to three things in bridge:

- (1) The sheets on which individual computer-generated deals are printed for distribution to players, who usually construct the hands for other contestants to play.
- (2) The sheets distributed to the players at the conclusion of a game on which all of the deals from that session are printed.
- (3) Diagrams set up by the players after a deal in a major match is completed.

Handicap Games

ACBL clubs may offer handicap games where the contestants are given a handicap (either plus or minus) based on previous performance or degree of competence to create a more level competitive group.

HCP

HCP stands for high-card points, a basis for determining the relative strength of a hand, especially for notrump contracts. The most common valuation is: Aces = 4 points, Kings = 3 points, Queens = 2 points, Jacks = 1 point.

Handling Cards

The handling of cards other than a player's own is illegal. If a player wishes to see an opponent's cards after the play of a deal has been completed, that player must ask permission. If there is a problem, the director resolves it.

The Heart Series

This is the original title of Defense, the third course in The ACBL Bridge Series of student texts and teacher manuals written by Audrey Grant.

Hold-up Play

The refusal to win a trick right away is called a hold-up play. A player may elect to use this play to keep control of a suit an opponent has led or to break the opponents' communication.

Home-Style Game

Home-style games are fun, fast and social. They are especially attractive to players who do not play many conventions and prefer a less serious form of competition. Home-style games can be sanctioned for clubs and award fractional masterpoints on the same scale as duplicate games.

Hospitality

Hospitality is the general term used to describe the efforts by a host unit at a bridge tournament to make the players feel more comfortable and welcome. A more concerted effort is generally made with newer players in the IN (Intermediate-Newcomer) area. This could take the form of free gifts, food, special events and local committees

known as New Player Services (a public relations effort to ease new players into the game). See Resources for Units, New Player Services Handbook at www.acbl.org for more information.

Howell Movement

The Howell movement is a type of progression in duplicate where all pairs except one move and where all pairs meet. In large Howell-type movements, most of the pairs move and most of the pairs meet.

Huddle

A huddle is a longer-than-usual pause preceding an action in the bidding (usually) or the play of a deal. If the huddle is followed by a positive action, usually no harm is done to the opponents. The ethics of the game, however, require that the partner of the huddler not take advantage of the information that the huddler "had a problem."

I

ICC

See Inter Club Championship.

IMP

An IMP is an International Matchpoint, a unit of scoring used according to a schedule established by the Laws of Duplicate Contract Bridge. In a team game, a difference in trick and bonus scores of the North-South pair and the East-West pair on the same team is used to determine IMPs from a chart. IMPs are sometimes converted to Victory Points by way of a chart based on either a 20- or 30-point Victory Point scale. A copy of the IMP and VP scales is printed inside each ACBL Convention Card.

IN

See Intermediate-Newcomer Program.

Individual

An Individual is an event, a method of duplicate competition, in which each contestant plays with a different partner each deal or set of deals.

Instant Matchpoint Game

An Instant Matchpoint Game is a game in which

players are given their matchpoint score on each board immediately after playing each deal.

Inter Club Championship (ICC)

The ICC is an event which combines face-to-face play with the perk of across-the-field scoring through the Internet to determine overall rankings.

Intermediate-Newcomer Program (IN)

ACBL has developed a program of games and activities designed to make duplicate experiences fun and comfortable for new players and new members. Edith McMullin introduced the idea at the Summer NABC in 1984. All NABCs now offer an IN Program and so do many regionals and sectionals throughout North America. There are, in addition, special IN sectionals and regionals. Many of these tournaments have all of these basic features:

- ◆ Games each session for players with 0-5, 0-20, 0-50, 0-100 masterpoints.
- ◆ Celebrity Speaker Programs.
- ◆ Hand records with copies and analyses of the deals played.
- ◆ Social events.
- ◆ Trophies for each overall winner.
- ◆ Photographs of the winners.
- ◆ New Player Services Program.
- ◆ A special area for all IN activities.
- ◆ Directors trained to run games for new players.
- ◆ Flyers to invite the players and guarantee partners.

International Fund Games

ACBL offers an International Fund Game at each of the NABCs and ACBL-wide in January, May and July to raise funds to defray the expense of North American participation in international (WBF) competition. September is International Fund Month. All sanctioned sessions may be held as International Fund games except during the months of February and April. These games award 100% sectionally-rated black points.

Internet Terms

Bridge players on the Internet have created a language of abbreviations, a bridge shorthand, to quickly relay a message during on-line play. Here are some of the more popular sayings. Note that

using all capital letters translates into YELLING:

- AFK — Away from keyboard
- BRB — Be right back
- BTW — By the way
- CC — Convention Card
- DIC — Director in Charge
- F2F — Face-to-face (not computer bridge)
- FFTQ — Feel free to quote
- GL — Good luck
- GLP — Good luck, partner
- HI — hello
- IIRC — If I remember correctly
- IMHO — In my humble opinion
- IMO — In my opinion
- LOL — Laughing out loud
- NABC — North American Bridge Championships
- NP — No problem
- O/E — Odd/even discard
- Opp — Opponent
- Opps — Opponents
- Pd or Pard — Partner
- Rehi — Hello again
- RKC — Roman Key Card Blackwood
- ROFL — Rolling on the floor laughing
- SAYC — Standard American Yellow Card (bidding system)
- TD — Tournament director
- THX or TX — Thanks
- TU or TY — Thank you
- TYP — Thank you, partner
- UD — Upside down
- UDCA — Upside down count and attitude
- Ur — Your
- WD — Well done
- WDP — Well done, partner
- WDO — Well done, opponent(s)
- WTG — Way to go!
- ZT — Zero Tolerance (for Unacceptable Behavior)

J

Jacoby Transfer Bids

Introduced by Oswald Jacoby, a member of the Bridge Hall of Fame, Jacoby Transfer Bids are used in responding at the two level to 1NT opening bids and/or in responding at the three level to 2NT openings.

Junior Bridge Program

The ACBL Junior Bridge Program provides playing and social activities for players under the age of 26 that are intended to develop a corps of dedicated younger players. One of the goals of the program is to produce Juniors with the skills to sustain the ACBL's position in the future as a world bridge power. See "Juniors" at www.acbl.org/juniors/index.html.

Junior Camps

Every other year (odd-numbered years), the ACBL encourages participation in the summer Bridge Camp and World Junior Pairs competition sponsored by the WBF (World Bridge Federation). The next camp will be held in 2007. Through 2004, the ACBL has offered a Junior Bridge Camp in the even-numbered years.

Junior Corps

Members of this group are the ACBL's elite Junior players, who are the future of the organization. Junior Corps members are charged with working together with unit officials and tournament organizers to promote bridge among young people.

Junior Master

A player holding 5 to 19.99 masterpoints is known as a Junior Master.

Junior Memberships

The ACBL offers a discounted membership to players under the age of 26 who are currently enrolled in school and a student membership to players under the age of 19 who have participated in the School Bridge Lesson Series program.

Junior Month

February is Junior Month in the ACBL. During this month, clubs are encouraged to run special games to benefit the ACBL Junior Program that supports activities for Junior bridge players. Participants pay an extra \$1 fee per game that is donated to this fund for Juniors. All sanctioned sessions may be held as Junior Fund games except during the months of April and September. These games award 100% sectionally-rated black points.

Junior Team Trials (JTT)

The Junior Team Trials is the method the United States Bridge Federation uses to select teams for the biennial World Junior Bridge Team Championship, inaugurated by the World Bridge Federation in 1987. The JTT is currently held in conjunction with the Summer NABCs.

K

Kaplan-Sheinwold

The Kaplan-Sheinwold system, devised by Bridge Hall of Fame members Edgar Kaplan and Alfred Sheinwold, is based on the weak notrump and aimed at more precisely limiting the strength shown by all bids.

Kibitzer

A person who watches a game from the sidelines is called a kibitzer.

King or Queen of Bridge

This honorary title is awarded to a Junior Corp member who is a graduating high school senior. Cited for outstanding tournament performance, this Junior player is someone who has excelled also in bridge-related administrative, recreational and promotional activities. The ACBL Educational Foundation, funded by a grant from the Homer Shoop/International Palace of Sports, presents a \$1000 scholarship to the annual winner.

Knockout Teams

A Knockout Team event is one where one team plays an entire session against one other team. The winning team from each match advances to play the next round and the defeated team is eliminated. See also Bracketed Knockout Teams.

L

LHO

A player's left-hand opponent is often referred to by these three initials.

LOL

The letters LOL in bridge lingo originally stood for "little old ladies," who were known to get excellent bridge results by simple common sense action

against pseudo-experts. In Internet language, the initials LOL stand for “Laughing Out Loud.”

Land Cruise

Individuals may apply to the ACBL for a sanction to run bridge games and award masterpoints in conjunction with a vacation program that may be held at one location or at various locations as the group travels.

Law of Total Tricks

The Law of Total Tricks is the theory that on any given bridge deal the total number of trumps held by both sides will be approximately equal to the total number of tricks that both sides could win. The total number of tricks is the sum of how many tricks North-South would take if they played in their best fit added to how many East-West would take in their best fit. The Law gained popularity in the 1990s when it was the subject of a book called To Bid or Not to Bid written by Larry Cohen.

Laws

The Laws of Duplicate Contract Bridge, as enforced in the western hemisphere by the ACBL, are prepared under the auspices of the ACBL Laws Commission. See “Laws” at <http://web2.acbl.org/laws/index.html>.

Learn to Play Bridge 1 & 2

Fred Gitelman has developed the LTPB (Learn to Play Bridge I & II) software for the ACBL. The program is available for anyone to download free of charge at the ACBL web site. See “Learn to Play Bridge” at www.acbl.org/learn/ltpb.html.

Lessons

ACBL offers a Find-a-Teacher section at its web site. The listings are by state and will help locate a teacher who is offering bridge lessons in the area. Additional information can be obtained from the ACBL Education Department. See “Find a Teacher” at www.acbl.org/learn/findATeacher.html.

Life Master

Life Master is the most highly sought level of bridge achievement. A Life Master is a player who has earned 300 or more recorded masterpoints, of which at least 50 must be silver, at least 25

must be gold and at least another 25 must be red or gold. New members as of 1/1/99 must also earn at least 50 black points as part of their total 300 points. Please note that no more than 100 mps earned on the Internet may count toward the points necessary to achieve LM status.

Life Member

Members who joined ACBL prior to Jan.1, 1996 and who achieve the rank of Life Master are also Life Members. They are members for life unless they resign or their membership is revoked per established procedure. Life Members are not required to pay dues but are required to pay an annual service fee in order to maintain an active status and receive services from ACBL.

Limit Raise

A limit raise is a raise made with closely defined limits of strength. The chief application is the jump raise of a suit from one to three. The bid indicates at least four-card trump support with 10 or 11 points or the distributional equivalent.

M

Masterpoint

This is the unit which measures bridge achievement in duplicate play. Masterpoints come in black, silver, red, gold, platinum and unpigmented, and they are awarded for different levels of play.

- ♣ Black points at club and unit games.
- ♣ Silver points at sectionals, progressive sectionals and STaCs.
- ♣ Red points in all events at regionals and the three NABCs.
- ♣ Gold points for section tops and placing overall in regional events and in events of two or more sessions with either no MP restriction or a minimum MP limit of 750 points or more (not Strat C). Partial gold points are awarded in some special events.
- ♣ Platinum points for all NABC+ championship events.
- ♣ Unpigmented points for online play on the Internet.

See “ranks” for the number and color of points needed to attain various levels of recognition:

Rookie, Junior Master, Club Master, Sectional Master, Regional Master, NABC Master, Life Master and upper levels beyond LM.

Masterpoint Plan

The Masterpoint Plan is the system used by the ACBL to rank every member according to performance at tournaments and clubs.

Masterpoint Records

Masterpoints won at tournaments and at clubs using ACBLscore are sent electronically to ACBL. Other clubs mail in lists of players and points won for recording. Non-members are given receipts at club games when they win points and can credit their accounts with up to 20 masterpoints (won in the 12 months prior to becoming members) when they join the ACBL. Members can check their masterpoint holding by calling the Customer Service Line or online at www.acbl.org. Members also receive a personalized masterpoint update each month in The Bridge Bulletin. See “My ACBL” at <http://web3.acbl.org/internet/login.nsf/memberlogin?openform>.

Matchpoint

A matchpoint is a unit used in a method of scoring duplicate contests in which two or more scores are compared. A pair receives one point for each result it bests and one-half point for each result it ties.

McConnell Cup

Named in honor of Ruth McConnell, former ACBL president and WBF treasurer, The McConnell Cup is awarded to the winners of a knockout team event for women played at the World Bridge Championships at the same time the Rosenblum Cup is contested.

Mentoring Programs

Mentoring programs provide an opportunity for both newcomers and mentors to meet and get to know each other on a basis other than as opponents at the table. Many clubs and units use a Pro-Am game format to launch their mentoring programs. Partnerships are made by a program coordinator and the pairs are encouraged to play a recommended minimum number of times

during the month. See also Pro-Am game or “Mentoring Handbook” at www.acbl.org/units/units.html.

Mexican Federation of Bridge

See Federacion Mexicana de Bridge.

Michaels Cuebid

The Michaels Cuebid is a convention that uses an immediate cuebid in the opponent’s suit to show a two-suited hand with either both majors or a major and a minor. It was devised by the late Mike Michaels.

Midnight Swiss

The most common and popular type of midnight game at a tournament is the Midnight Swiss event. The game consists of five matches of five deals played at the rate of five minutes per deal. Sometimes referred to as the Zip Swiss.

MiniBridge

MiniBridge is a simplified form of the game that has no bidding. Originally developed in France, MiniBridge is widely used as a precursor to learning bridge for all ages. It is both effective and enjoyable. Many school bridge programs in North America use the form of MiniBridge developed by the English Bridge Union (EBU). A MiniBridge packet (teacher manual and practice disk) can be purchased from the EBU at www.ebu.co.uk/education/minibrIDGE/minibrIDGEpack.html. For simple instructions on playing the game, see “MiniBridge” at www.acbl.org/documentLibrary/teachers/MinibrIDGE.pdf.

Mini-McKenney

In 1974, the ACBL Board of Directors voted to recognize the masterpoint achievements of all players and the Mini-McKenney races were established. The winners at each level of achievement (Rookie, Junior Master, etc.) are recognized by the ACBL each year in the March issue of The Bridge Bulletin and the home unit of each winner may purchase a Mini-McKenney Medallion to present to the player. Standings are updated monthly at the ACBL web site. See “Masterpoint Races” at www.acbl.org/about/mpraces.html

Mississippi Heart Hand

This is a famous trick hand from the days of whist. A diamond lead holds South to six tricks in a heart contract, and a game can not be made in any denomination. South can take nine tricks in a spade contract or 10 tricks in a club contract.

Mitchell Movement

The Mitchell movement is a duplicate progression in which the players seated North-South remain stationary and those sitting East-West move each round to the higher numbered table. The players get “older” and the boards get “younger.”

Mixed Pairs

A Mixed Pairs event is one in which partnerships must consist of one man and one woman.

More Commonly Used Conventions

This is the title of the fifth course of student texts and teacher manuals in The ACBL Bridge Series written by Audrey Grant.

MUD

This is a lead convention in which the original lead from three low cards is the middle one, followed in play by the higher. The name is the acronym of middle, up, down, the order in which the cards are played.

My ACBL

The My ACBL Portal is where you now can check your masterpoints, renew your membership, manage your ePrivacy and more. Over time, more exclusive password-protected services will be added to enhance your membership benefits and add to your enjoy-

ment of the greatest game in the world. Just click on the blue My ACBL box at the top left of the ACBL home page at www.acbl.org.

N

NABC

This is the term for the North American Bridge Championships that are operated annually by the ACBL. These tournaments are held in the spring, summer and fall and are rotated around the United States and Canada. Each NABC offers events for all levels of players and features the NABC+ events and an IN (Intermediate-Newcomer) program for players with fewer than 300 masterpoints. See “NABCs” at www.acbl.org/play/nabc.html.

NABC+ (NABC-Plus) Events

NABC+ events are the highest-rated events offered by ACBL. Held only at the three annual NABCs, they are nationally-rated events with no upper masterpoint limit. The Player of the Year contest is won by the player winning the most platinum masterpoints in these annual events.

NABC Master

A player with at least 200 masterpoints, including at least 50 pigmented points of which at least 5 must be gold, at least 15 must be red, and at least 25 must be silver is known as an NABC Master.

NAP

Formerly known as the Grand National Pairs, the NAP or North American Pairs is a major ACBL championship which is staged in qualifying rounds at the club, unit and district levels. It culminates in a final held in conjunction with the Spring NABC. This event is run as a flighted event.

National 49er Pairs

This is a nationally-rated event for players with 0 to 49 masterpoints which is contested at the Spring NABC. It awards partial gold points.

National 99er Pairs

This is a nationally-rated event for players with 0 to 99 masterpoints contested at the Fall NABC. It awards partial gold points.

National 199er Pairs

This is a nationally-rated event for players with 0 to 199 masterpoints contested at the Summer NABC. It awards partial gold points.

Nationals

This is the original name for the NABCs. The tournaments next were called the NACs (North American Championships) and then renamed the North American Bridge Championships (NABCs) in the 1970s.

Negative Double

In 1957, Alvin Roth and Tobias Stone introduced a modern negative double, originally called “sputnik,” into championship play. What was formerly a penalty double of a suit overcall became a double for takeout.

New Player Services (NPS)

New Player Services is a public relations program designed to welcome new players to tournaments and club games by helping to create a fun, friendly and comfortable atmosphere within the duplicate environment. Local volunteers, who wear New Player Services badges with heart logos, work together to provide information and direction to newcomers at all levels of play. Go to www.acbl.org/units/units.html for information on creating an NPS program.

Newcomer

Newcomer is the name given to a new player who is new to bridge or who is new to duplicate.

Newcomer Game (or Novice Game)

This is an event that is typically restricted to players with fewer than 20 masterpoints. Participation may be even more restricted with an upper limit as low as 5 masterpoints.

North American Bridge Championships

See NABC.

North American Pairs

See NAP.

The Notrump Series

This is the original title of More Commonly Used

Conventions, the fifth course of student texts and teacher manuals in The ACBL Bridge Series written by Audrey Grant.

O

Odd-Even Discards and Signals

This is a signaling method that assigns special meanings to odd- and even-numbered spot cards. An odd-card discard or signal encourages in that suit; an even-card discard or signal discourages and often doubles as a suit-preference signal. This practice is allowed in ACBL play only on the first discard.

The Official Encyclopedia of Bridge

This is a comprehensive book of facts about bridge and of bridge personalities since the inception of the game. The sixth edition was published in 2002.

Olympiad

The Olympiad is officially named the World Teams Olympiad and offers an open event and a women’s event every four years. This World Bridge Championship allows every country to field one team in both categories, no matter the size of its individual bridge population, provided it is a member of the World Bridge Federation.

Online Points

Online points are masterpoints awarded for online play in ACBL-sanctioned events and are unpigmented. No more than 1/3 of the points required to attain any of the ACBL ranks may be from online play.

Open Event

In open events, there are no restrictions due to expertise, gender or age.

P

Pajama Game

This is a slang term for a duplicate session with many tops and bottoms. A midnight session has also been referred to as a Pajama Game.

Par

Par is the result on a deal if both sides have done as well as possible.

Partscore Bonus

In duplicate competition, the 50 points given for fulfilling a partscore contract is called a partscore bonus.

Patron Member Program

ACBL members may opt to become Patron Members and receive an enhanced benefits package. The current price is \$250 (U.S.) per year for an individual membership, \$350 (U.S.) for a household of two. ACBL appreciates the support of its Patron Members. A listing of all Patron Members is published annually in The Bridge Bulletin. Personalized membership badges are provided for all Patron Members so staff can better serve you. See "Patron Members" at www.acbl.org/join/patronbenefits.html.

Here are the benefits of the program:

- ♠ Guaranteed reservations at the host hotel when reserved in advance;
- ♠ Personal delivery of the Daily Bulletin to your door each day (host hotel only);
- ♠ Express service for purchasing entries;
- ♠ Invitation to the Patron Member party in the ACBL president's suite;
- ♠ Inclusion in a drawing to win an opportunity to play with a top bridge expert in the Educational Foundation Game held at the beginning of each NABC;
- ♠ \$50 merchandise credit (\$75 for household members) to be used at the ACBL Product Store at NABCs or from the ACBL Sales Department;
- ♠ 50% discount on the price of a ticket to the Bridge Hall of Fame Banquet, held annually at the Summer NABC;
- ♠ Upon request, a complimentary set of Daily Bulletins from each NABC will be mailed to your home;
- ♠ Complimentary subscription to the World Bridge News;
- ♠ Complimentary membership in Hertz Corporation's #1 Club Gold program.

Penalty

In bridge, a penalty is an obligation or restriction imposed upon a side for violation of a law or regulation.

Penalty Card

A card that has been prematurely exposed by a defender and which must be left face up on the table until legally picked up or played is called a penalty card. Please call the director when this type of infraction occurs at your table in a duplicate game.

Percentage Play

A percentage play is a play influenced by mathematical factors when more than one reasonable line of play is available. This is usually the play having the best chance of success.

Pianola

A pianola is a deal at bridge which presents no problems to declarer, so easily playable that it almost plays itself. The name derives from the old player piano or "pianola" which would "play" itself.

Pick-Up Slip

This is a form used to record the results on the play of all deals in a round. The pick-up slips are collected at designated times and the results are entered in a computer or on a recapitulation sheet by the director or a designated scorer.

Platinum Life Master

An ACBL Life Master who has at least 10,000 masterpoints is known as a Platinum Life Master.

Platinum Points

Masterpoints awarded in NABC+ events that are currently considered for the Player-of-the-Year award are platinum. (These events include the three senior and various women's championships but do not include Junior, Flight B or other restricted events.)

Play

In bridge, the word "play" has three possible meanings:

- (1) The contribution of a card from one's hand to a trick, including the play of the first

card, which is the lead.

- (2) The aggregate of plays made.
- (3) The period during which the cards are played.

Play Bridge

This is the name of the section of The Bridge Bulletin that is written for newer duplicate players.

Play of the Hand

This is the title of the second course in The ACBL Bridge Series written by Audrey Grant. It was originally named The Diamond Series and is sometimes referred to by that name.

Player Number

The seven-digit number issued to each member of the ACBL is that person's player number. The first digit is changed to a letter when the member achieves Life Master status.

Player of the Year

Each year the ACBL designates one of its members as Player of the Year. That person receives The Goren Trophy for earning the most masterpoints (platinum points) in North American Championship events with no upper masterpoint limit (NABC+).

Postmortem

The analysis of a deal after play is completed is called the postmortem.

Preteen Scholarship Award

ACBL members who have not celebrated their 13th birthday before July 1 of the contest year and who have at least one full masterpoint on record are eligible for the Preteen Scholarship Award – a 10-year maturity \$5000 certificate to be used for academic or career training. This scholarship was founded by Homer Shoop and is administered by the ACBL Ed Foundation.

Private Scorecard

See Convention Card.

Pro-Am Game

Pro-Am games are frequently run at clubs as part of a mentoring program. They consist of "Pro" players (experienced players) with an established number of points (e.g., over 300) and "Am"

players (newcomers or less experienced players) with fewer points. These games pay 80% of the masterpoints awarded for open events.

Progression

The progression of the players in bridge is the movement of players used to complete a session of play.

Proprieties

The Proprieties was initially the section of the Laws of Duplicate Contract Bridge that dealt with conduct and ethics. Its purpose was to make the game more enjoyable for everyone, no matter what the situation. The 1987 version of the Laws made the Proprieties part of the law.

It is a breach of the Proprieties to:

- ♥ Use different designations for the same call.
- ♥ Indicate any approval or disapproval of a call or play.
- ♥ Indicate the expectation or intention of winning or losing a trick before play to that trick has been completed.
- ♥ Comment or act during the auction or play to call attention to a significant incident thereof, or to the state of the score, or to the number of tricks that will be required for success.
- ♥ Look intently at any other player during the auction or play, or at another player's hand, for the purpose of seeing those cards or observing the place from which a player draws a card.
- ♥ Vary the normal tempo of bidding or play for the purpose of disconcerting the other players.

Protest

A protest in bridge is an appeal of a decision made by a game director.

Psychic Bidding

Psychic bidding is a term coined in 1931 by Dorothy Rice Sims, which describes any bid made primarily with the purpose of interfering with the opponents' bidding or play rather than with the idea of aiding the bidding and play of one's own side. These bids are bluffs.

Pump

The word “pump” is a colloquialism for “force.” Forcing declarer to ruff is frequently referred to as pumping the declarer.

Push

The most popular use of the term “push” in bridge is to denote a deal in a team match on which the result is the same at both tables.

Q

Quack

Quack is a term to indicate either the queen or the jack in situations where it is of no consequence which of the two cards is held or played.

Qualifying Sessions (or Rounds)

The early rounds of championships after which there is a reduction (cut) in the field (the contestants entered in the event) are the qualifying rounds.

R

RHO

A player’s right-hand opponent is often referred to by these three initials — RHO.

Ranks

As a player accumulates points, certain milestones, or ranking levels, will be reached that indicate progress. There are 12 grades: Rookie, Junior Master, Club Master, Sectional Master, Regional Master, NABC Master, Life Master (LM). These additional levels can be attained after the rank of LM: Bronze LM, Silver LM, Gold LM, Diamond LM, Emerald LM, Platinum LM, Grand LM. Each ranking requires that the player have a certain number and a certain type of points. No more than one-third of the points for any of the above levels may be earned in online play, where points are unpigmented.

Rating Points

See Club Masterpoints.

Recapitulation Sheet (Recap)

This is a large printed form on which the results (written on pick-up slips) are posted at bridge

tournaments, and on which matchpoints are assigned to scores and totals computed. In most cases, a computer-generated recap sheet has replaced the manual recap sheet.

Red Points

Masterpoints won in all events at regional tournaments and in regionally-rated events at the three annual NABCs (North American Bridge Championships) are red, unless they are gold. A player needs 25 red points (or the equivalent) as part of a total of 300 masterpoints to become a Life Master.

Red Ribbon Pairs

The Red Ribbon Pairs is an ACBL event with national rating held during the Spring NABC. It is limited to players with no more than 2000 points who have qualified to play by placing first or second in regionally rated two-session championship events where the upper masterpoint limit is no more than 1500 masterpoints.

Regional (Regional Tournaments)

Each of the 25 districts within the ACBL sponsors regional tournaments, although a specific unit may be delegated the responsibility of planning and organizing the tournament. A regional tournament usually runs from four to seven days, attracting people from many states, and offers games for all levels of players. In addition, Non-Life Master Regionals, limited to players with fewer than 300 masterpoints, and Senior Regionals, limited to players who are age 55 or older, are available periodically.

Regional Master

A player who has 100 to 200 recorded masterpoints, at least 5 of which are red or gold and at least 15 of which are silver, is known as a Regional Master.

Reisinger Memorial Trophy

This trophy was donated in memory of Curt H. Reisinger and is awarded to the winners of the Fall NABC Board-a-Match Team Championship.

Renegé

The term “renegé” indicates a failure to follow

suit when holding one or more cards of the suit led. It is a colloquial synonym for “revoke.”

Revoke

A revoke indicates the play of a card of another suit by a player who is able to follow suit or comply with a lead penalty. It is permissible in ACBL-play to ask a partner who doesn't follow suit if partner holds a card of the suit led.

Richmond Trophy

The Richmond Trophy is awarded annually to the Canadian who wins the most masterpoints during a calendar year.

Rookie

A player holding fewer than 5 masterpoints is known as a Rookie.

Round-Robin

A round-robin is a form of competition in which each of the contesting groups (usually teams) plays against each of the other groups entered in head-on competition.

Ruff and Sluff (or ruff and discard)

When a defender leads a suit in which both declarer and dummy are void, the declarer may ruff and sluff – discard a loser from one hand and ruff in the other.

Rule of 11

The “rule of 11” involves a mathematical calculation applicable when the original lead is construed as a fourth highest one. It is sometimes possible to obtain an exact reading of the distribution in all four hands. The rule states: “Subtract the pips on the card led from 11; the result gives the number of cards in the three hands other than the leader's which are higher than the one led.” (See The Official Encyclopedia of Bridge for other popular “rules” of the game: Rule of Two and Three, Seven, 12, 15, 16, 18 and 22.)

S

Sacrifice or Save

A sacrifice or a save is a bid made knowing that it probably won't be fulfilled. It is based on the

premise that the penalty to be paid will be less than the adverse score were the opponents permitted to play and fulfill their contract.

Sales Department

There are many bridge products and resources for learning more about the game available through the ACBL Sales Department, which offers a 10% discount to members. Call toll-free: 800-264-2743 to place your order and/or to request a free copy of the product guide, the Bridge Source. See “Shop Online” at <https://web3.acbl.org/sctemplate.nsf/frmManFrame?OpenForm>.

Sanction

A sanction is the permission given by the ACBL to a club, unit or district to hold a duplicate event and to award masterpoints.

SAYC

This stands for Standard American Yellow Card, an ACBL convention card that is pre-filled out with agreements to reflect a simple, modern style of bidding. This system is popular with bridge players on the Internet. See also Standard American Yellow Card.

School Bridge Lesson Series (SBLs)

The ACBL and the ACBL Educational Foundation fund an extensive school bridge program that includes a teacher manual, free textbooks and t-shirts and stipends for teachers. See “School Bridge Lesson Series” at www.acbl.org/teachers/schoolBridge.html.

School Instant Matchpoint Game

Each spring the ACBL sponsors an Instant Matchpoint Game for students under 20 years of age in schools throughout North America. All schools are eligible to compete. The highest scoring North-South and East-West pair each earns a \$500 scholarship provided by the ACBL Educational Foundation.

Score (how to)

There are several types of scoring methods used for rubber, duplicate pairs, team games and Chicago. See “How to Keep Score” at www.acbl.org/learn/scoreDuplicate.html.

Section

A section in bridge is a group of contestants who constitute a self-contained unit in one event for one session of a tournament. An event might consist of one section of players or of many sections of players.

Section Markers

Section markers are signs at tournaments indicating the location of each group of tables forming a section. These are usually single letters but may be double or triple letters or sometimes numbers.

Sectional Master

A player with 50 to 100 recorded masterpoints, at least 5 of which are silver points, is known as a Sectional Master.

Sectional Tournaments

Units are the sponsors of sectional tournaments, which usually run from three to five days. Units also may run Intermediate-Newcomer Sectionals and STaCs (Sectional Tournaments at Clubs). Masterpoints won at sectional tournaments are silver.

Seeding

Seeding constitutes the assignment of certain tables to particularly strong contestants to assure there will be no preponderance of strong pairs in direct competition within any one section. In pair events, tables 3 and 9 usually are reserved for seeded players. Some team events are also seeded.

Senior Pairs (ACBL-wide)

The ACBL-wide Senior Pairs is a special event held at clubs every year in February.

Senior Player of the Year

The player 55 years or older who wins the most masterpoints each year in senior tournaments and senior events at all tournaments becomes the Senior Player of the Year. This player receives The George Burns Trophy.

Session

A period of play during which a specified number of boards is scheduled to be played is called a session.

Set

To set a contract is to defeat the contract. The term “set” is also used to refer to the number of boards played in a session as in, “We had a good set.”

Short Club

The short, prepared or convenient 1♣ bid is an original opening bid made with a hand that has a three-card or shorter club suit.

Silver Life Master

A player of Life Master status who has at least 1000 masterpoints is known as a Silver Life Master.

Silver Points

Silver points are masterpoints awarded at sectional tournaments, progressive sectionals and STaCs (Sectional Tournaments at Clubs). One of the qualifications for advancing to the rank of Life Master is to earn 50 silver points.

Silver Ribbon Pairs

The Silver Ribbon Pairs is an ACBL event with national rating for players 55 years of age or older held annually at the Spring NABC. Players earn qualification by placing first or second in a regional-rated two-session championship senior event.

Sit, Sit For

A player sits for the contract when that player elects to pass partner’s double.

Skip Bid Warning

The Skip Bid Warning is used whenever a player “skips” the bidding – when you open at the two level, for example, you either say “Skip bid, please wait,” or use the red Stop card in the bidding box. The opponent waits 10 seconds before bidding. This gives the opponent an opportunity to recover from the “surprise” of your jump and prevents the “fast pass” (translation: I may have been surprised but I didn’t have anything to bid anyway).

Slam

Bidding for and winning 12 or 13 tricks constitutes a slam.

Slow Play

Bridge is a timed event. Players are given an average of eight minutes per deal and should learn to use the time wisely. Slow play is discourteous not only to the opponents of the moment, but to all of the other competitors in the event as well. It is the responsibility of every player at the table to try to catch up when their table has fallen behind.

Small Slam

Bidding for and winning 12 tricks constitutes a small slam.

The Spade Series

This was the original title of the fourth course (on Duplicate) in The ACBL Bridge Series written by Audrey Grant. This course was rewritten and is now called Commonly Used Conventions.

Speedball Swiss Team

Speed of play is a major factor in this type of event. Each match consists of five boards, and an average of only five minutes per board is allowed for play. Usually five rounds are played, and the event sometimes is called a five-five-five Swiss. This event is frequently offered as a late-night game during a sectional, a regional or an NABC. It is sometimes flighted or stratified.

Spingold Trophy

The Spingold Trophy was donated in 1934 by Nathan Spingold and is awarded for the NABC Master Knockout Teams Championship played annually at the Summer NABC. This event ranks with the Vanderbilt as the most highly prized trophy on the ACBL calendar.

Split Regional

A tournament with regional rating held at two widely separated sites within an ACBL district is called a split regional. Scores are compared between the two sites to determine the first- and second-place winners of regionally-rated pair games. Swiss teams and knockout teams are separate events with different winners at each site.

Square Hand

Bridge geometry is peculiar; square hand, flat hand and round hand all describe a 4-3-3-3 distribution.

STaC

This is an abbreviation for a special kind of sectional tournament known as a Sectional Tournament at Clubs. It offers sectional rating and is played in a number of clubs in a specific area over a period of several days. The results of all games are sent to one location, which is staffed by the director-in-charge of the event. Overall pair game awards are determined by comparing the results of all games conducted at a particular session just as if all of the games were played at one site. The masterpoints awarded in this type of tournament are silver points.

Stack, Stacked

- (1) The cards are said to be stacked against one player when a single opponent holds all or nearly all of the cards in a crucial suit.
- (2) To stack a deck is to arrange cards in an undealt deck in order to put predetermined holdings into one or more hands, a practice that is highly unethical and illegal.

Standard American

Standard American is a nebulous term applied to the methods of bidding most commonly used in the U.S. It approximates the methods advocated by Hall of Fame member, Charles Goren, who was known to millions as “Mr. Bridge” during the last half of the 20th century.

Standard American Yellow Card (SAYC)

The Standard American Yellow Card is a convention card that has been filled out to display a simple, modern method that leads to a good, solid understanding in a partnership. This approach has gained popularity in online play. Few sequences are defined in the later rounds of Standard Yellow Card auctions. Players are free to assign forcing, invitational or non-forcing meanings to natural calls in such sequences. Players may still exercise their bridge judgment, such as in deciding to open a four-card major in third seat. The SAYC normally five-card majors approach can withstand an occasional deviation. See “Convention Cards” at www.acbl.org/play/toolsSupplies.html.

Star Recruiter

An ACBL Star Recruiter is a teacher or club

official who has recruited at least 100 new members (no time restrictions) since the program began in January of 2002.

Star Teacher

- (1) The Star Teacher designation was initiated in 1988 to thank teachers who elect to teach The ACBL Bridge Series courses using the texts developed by ACBL and authored by Audrey Grant for these courses. Any ACBL Accredited Teacher who teaches 100 students one of the ACBL courses - Bidding, Play of the Hand, Defense, Commonly Used Conventions and More Commonly Used Conventions earns the designation of Star Teacher. There are one-star, two-star, three-star, four-star and five-star teachers. Each designation earned gives additional discounts to the teacher on the purchase of these texts.
- (2) In 2003, the ACBL expanded the Star Teacher Program and now awards a star to any bridge teacher who has submitted the names of 100 students to the ACBL. ACBL Accredited Teachers continue to earn additional stars and book discounts through the original program.

Stayman

The response of 2♣ to 1NT, or 3♣ to 2NT asks opener to bid a four-card major suit. This convention, invented by Hall of Fame member, George Rapee, was popularized in an article written by Sam Stayman, also a member of the ACBL Bridge Hall of Fame. The convention was named for the writer rather than the inventor.

Stratified

This is a type of game movement where all players are assigned to a group (strat) based on their current masterpoint holdings. Each contestant plays against players of all point ranges. Masterpoints are awarded to leaders of each strat. If a Strat C player scored better than one of the leaders in Strat B (a higher ranked strat), the C player will be awarded the points for Strat B.

Stratiflighted

An event that is a combination of flighted and stratified is called stratiflighted. The upper level

strat has no masterpoint restriction and is played as a separate game. The other players are subdivided into two or three strats with specific lower and upper masterpoint limits. Participants may enter either the unrestricted (“play alone”) group or the stratified group with a masterpoint restriction for which they are eligible.

Swish

“Swish” is a colloquialism indicating when a bid is followed by three passes. A similar term is “float.”

Swiss Teams

In a Swiss team event, each team will play approximately 7 to 9 board matches against a number of teams during the event. Matches are arranged by pairing teams with approximately equal records as the game progresses.

System On (or System Off)

To a bridge player, system on (or system off) indicates an agreement to apply (or not to apply) certain conventional methods in slightly changed circumstances. The most common example occurs after a 1NT overcall. The partnership may agree to respond exactly as if the 1NT call had been an opening bid.

T

Table Presence

One of the abilities that makes a good bridge player into an expert is the indefinable something that is referred to as table presence. It is a combination of instinct, the drawing of correct inferences from any departure from normal rhythm by the opponents, the exercise of discipline in bidding, the ability to coax maximum performance from partner and the ability to make the opponents feel that they are facing a player of a higher order. This is also referred to as “Table Feel.”

Tap

A colloquialism for shortening a hand in trumps by forcing it to ruff.

Teacher Accreditation Program (TAP)

The TAP (The Teacher Accreditation Program) is offered through the ACBL Education Department.

It is a 10-hour seminar that features techniques for teaching bridge successfully which participants must complete to earn accreditation. For more information, see “Teacher Accreditation Programs” at www.acbl.org/teachers/accredited.html

Teacher Tips

Available at ACBL’s web site (Resources for Teachers) is a collection of teaching tips gathered from ACBL Accredited Teachers. See “Teaching Tips” at www.acbl.org/teachers/teachingSeries.html.

Team Games

A team consists of two pairs who play in different directions at different tables for a common score. One pair plays North-South for a designated number of boards and the other plays East-West for the same boards at a different table. If team A plays Team B, a deal is played at table A-1 with the North-South pair from Team A and the East-West pair from Team B. Then it is replayed at table B-1 with the North-South pair from Team B and the East-West pair from Team A. Each team plays the deal from each direction and the scores are compared.

Texas Transfer

The Texas Transfer is a transfer bid, originated independently by David Carter of St. Louis and Olle Willner of Sweden. It is used after an opening 1NT or 2NT bid to make the strong hand declarer in a high suit contract. With a hand justifying a game contract, the responder jumps to 4♥ holding a six-card or longer spade suit; the opener is required to bid 4♠. Similarly, 4♦ requires the opener to bid 4♥.

Top

Slang for the maximum score you can make on a hand in duplicate is “top.”

Tournament Director

The tournament director is the official representative of the sponsoring organization, responsible for the technical management of the tournament. The tournament director is charged with restoring equity at a table when an irregularity has occurred. When a player summons a director to the table, it should be done in a clear,

courteous manner. It is suggested that you call the director to the table by saying, “Director, please.” Tournament directors are trained by the ACBL and ranked according to ability and experience. The IN directors have a special knowledge of the problems arising with new players and have been trained to address them.

Tournament Handbook

Officially called the Resource Guide for Planning Sectional and Regional Tournaments, this helpful handbook contains checklists, committee assignments, sanctioning information and more. See the “Resource Guide” at www.acbl.org/documentlibrary/units/TournamentGuide.pdf.

Tournaments

The ACBL sanctions the following types of tournaments: NABCs – three major national championships each year; REGIONALS – sanctioned to each of the 25 Districts; SECTIONALS – sanctioned to the 300+ units.

Tournament Events

Tournament events may be classified by TYPE: Individual, Pair, Team. These types of events may be organized by EXPERTISE (masterpoint holdings) as: Open, Flighted, Stratified, Stratiflighted, Handicapped, Bracketed (Teams), Masters, Non-Masters, Life Masters, specific masterpoint restrictions (0-5, 0-20, 0-50, etc.). Events may also be restricted by GENDER: men’s, women’s, mixed or unmixd and by AGE: Junior (25 years of age or younger), Senior (55 years of age or older). SCORING METHODS are: Individual (matchpoints or international matchpoints – IMPs), Pair (matchpoints or IMPs), Team (win/loss, victory points, total points, board-a-match).

Trap Pass

A trap pass is a pass by a player holding a strong defensive hand. The player is hoping that the opposition will bid themselves into difficulties. A trap pass is usually made by a player holding length and strength in the suit bid by the opener on the player’s right.

Traveling Score Slip (or Traveler)

A traveling score slip, often called a traveler or pick-up slip, is a score sheet that stays with a

duplicate bridge board during play. Each table records its results after the play of the deal. At the end of the game, the score slips for all of the boards are matchpointed and the director adds the matchpoints to determine the winner. Travelers are sometimes used in games scored by computer to enhance the social side of the game.

Treatment

A treatment is a natural bid that indicates a desire to play in the denomination named (or promises or requests values in that denomination), but that also, by agreement, gives or requests additional information on which further action could be based. It differs from a convention, which is a bid that gives or requests information unrelated to the denomination named.

U

Unauthorized Information

Law 16 of the Laws of Duplicate Contract Bridge says that a player may not make a call or play that could have been suggested over another by information the player has received extraneously from partner. Extraneous information includes actions such as a remark, a question, a reply to a question, an unmistakable hesitation, unusual speed, special emphasis, tone, gesture, movement, mannerism, etc.

Unit

A unit is a division of the ACBL covering a designated area. Some units include only a part of a city, and others include entire states. The unit supervises bridge activities at ACBL games in its territory and conducts tournaments at the local and sectional levels. Groups of units form ACBL districts, and officers and board members of units elect the district's representative to the ACBL Board of Directors. ACBL has more than 300 units. ACBL members are placed in the unit where they are geographically located.

Unit Championships

Each unit may conduct 16 unit championship sessions per year. These games award masterpoints based on 85% of sectional rating. These games may be held at one centralized location or with "split-sites" at various clubs

throughout the unit. In addition, each unit is allotted four unit charity championships per year.

Unit Growth Seminar (UGS)

This is a program funded by ACBL and designed to assist key unit officials, teachers, club owners and volunteers in working together to recruit new members, to retain current members and to increase participation. The seminar is offered to units at no cost to the unit. See Unit Growth at www.acbl.org/marketing/unitGrowth.html.

Unit-Wide Championship

A unit-wide championship is a game with unit championship rating held simultaneously at three or more locations within the unit boundaries with a minimum of five tables at each site. Hand records are used and the event is ranked overall.

United States Bridge Federation (USBF)

The United States Bridge Federation was formed in 2001 by the ACBL and the ABA (American Bridge Association) in order to conform to Olympic rules that require each sport be governed by a national (not zonal) organization. The purpose of the USBF is to advance the interests of the United States in international bridge competition, including the selection and support of United States bridge teams and players in international competition. See the "USBF" www.acbl.org/about/affiliations.html.

Upgraded Club Championship

An upgraded club championship is a game that has earned a higher rating by recruiting 10 new members during the year. The game awards full sectionally-rated black points.

V

Vanderbilt Cup

The Vanderbilt Knockout Team Championship is contested annually at the Spring NABC. It ranks with the Spingold as the most highly prized trophy in the ACBL calendar. The Vanderbilt Cup was donated by Harold S. Vanderbilt, a member of the ACBL Bridge Hall of Fame. Individual replicas of the trophy are given to the winners of the team championship.

Venice Cup

The Venice Cup became a world championship in 1978. It is a contest among champion women's teams and is held every other year alongside the Bermuda Bowl.

Victory Points

Victory points is the scoring method favored by many experts in contests where there are many teams and each team plays a relatively small number of deals against each of the other teams. When using Victory Point scoring, the IMP score on each board is calculated. The total IMP score on the boards of the match are then converted to victory points in accordance with a predetermined scale.

Victory Points in Swiss Teams

In Swiss Team events, the scoring is done first in IMPs, which are then converted to Victory Points. To receive credit for a full win, a team must win by 3 or more IMPs. A win by 1 or 2 IMPs constitutes a 3/4 win, with the losing team getting the other quarter of a point. However, the team winning the match receives the entire match masterpoint award.

Von Zedtwitz Award

Named for Waldemar von Zedtwitz, a member of the ACBL Bridge Hall of Fame, this award was established in 1996 to honor living or deceased bridge players whose contributions to bridge were through bridge-playing talents or in other key areas of bridge. P. Hal Sims, one of the giants of the early game of bridge who was involved in several highly publicized bridge matches, was the first recipient of this award.

Von Zedtwitz Gold Cup

The von Zedtwitz Gold Cup is awarded annually at the Summer NABC for the Life Master Pairs Championship, one of the most highly regarded pair events in the ACBL calendar. It was donated by Waldemar von Zedtwitz, one of the great bridge players and personalities of all time.

Vugraph

A vugraph offers a method of presenting bridge play to an audience larger than can be accommodated around a bridge table. At the

Spring, Summer and Fall NABCs, the ACBL conducts a vugraph show to cover the final rounds of the Vanderbilt, Spingold and Reisinger Team Championships. The audience watches the matches played simultaneously by the opposing teams. The presentation is complemented by commentary designed to make the audience both understand and enjoy the bidding and play of the experts competing in the event. Vugraph shows also are available online for a number of events worldwide.

Vulnerability

This is a condition of play in which premiums and penalties are increased. In rubber bridge, vulnerability comes about by having won one game toward rubber. In duplicate bridge, vulnerability is arbitrarily assigned.

W

Warning Partner

There are certain situations in which a player has the right to warn partner if that player feels that partner is about to commit an irregularity during the play. This includes any time partner fails to follow suit and, as dummy, whenever it appears partner is about to lead from the wrong hand.

WBF (World Bridge Federation)

The World Bridge Federation was founded in August of 1958 by delegates from Europe, the United States and Australia. In 1977, it was incorporated in New York State as a not-for-profit organization. See the "World Bridge Federation" at www.worldbridge.org/.

Welcome to the North American Bridge Championships

This booklet is designed to help a new player understand and enjoy the ACBL's premier tournaments. It can be adapted for use at sectionals and regionals in conjunction with an IN Program.

World Junior Team Championship

This is the most prestigious event for players under the age of 26. It is played every other year (odd years) and hosted by the WBF. ACBL teams are selected in the off years at the Junior Team Trials held in conjunction with the Summer

NABC. These teams enter a training program for the year prior to the event.

Worldwide Pairs

This international competition is held in June of each year. It is scored as usual at the local level and matchpointed around the world at the world level.

www.acbl.org

This is the location of the ACBL's official web site. Check out the page in the front of this booklet for information on some of the material you can find online. The site is a treasure trove of information for bridge enthusiasts and ACBL members. Don't miss it!

X x

- (1) A symbol used in lower case in bridge literature to signify an insignificant low card in any suit, a card lower than a 10. Thus K-x-x means the king and two low cards in that suit.
- (2) A capital X indicates a double. These symbols are used in all forms of written bidding – texts, stories, newspaper columns, hand records for important matches, etc. Similarly, XX means “redouble.”

Y

Yarborough

A yarborough is any hand at bridge containing no card higher than a nine. It was named after an English lord who customarily would offer to wager 1,000 pounds to one against the chance of such a hand being held by a player. In postmortem discussions, the term “yarborough” is often used to describe bad hands even if they do not meet the strict requirements.

Youngest Life Master

To become a Life Master is the dream of all serious bridge players. Some never make it in their lifetime; others seem to have a special gift for the game and become Life Masters within a very short time. The record for becoming the youngest Life Master is held by Danny Hirschman

of Southfield MI. He attained the rank at the age of 10 years, 2 months and 20 days.

Your Best Partner in Bridge

“Follow Our Lead. Bridge is more than a pastime. It's a passion. Players return to the table time and time again for the mental challenge, the competition and the company of others who share their love of the world's greatest card game.”

So begins a colorful, informative brochure for prospective members or sponsors now available from the ACBL Marketing Department. The brochure includes player testimonials, an introduction to duplicate bridge, bridge education information and a special section featuring The Bridge Bulletin magazine. See “ACBL Brochure” at www.acbl.org/documentlibrary/marketing/ACBLBrochure.pdf.

Z

Zero Tolerance

This is a policy recommended by ACBL and followed at many clubs and tournaments. It strives to promote a friendly atmosphere at the table, while eliminating unacceptable behavior including rudeness, intimidation, gloating, profanity and a variety of other offenses. Automatic penalties are part of the program. If you feel an infraction of Zero Tolerance has occurred at your table, please call the director. See Zero Tolerance at www.acbl.org/play/zeroTolerance.html.

Zip KO (Knockout)

A Zip KO is a one-session knockout event usually held at midnight during a bridge tournament.

Zip Swiss

A Zip Swiss is a special version of the Swiss teams designed to be finished in a short time, usually as a one-session event at the end of a day's championship play.

Gift Ideas

& Great Buys!

Kantar on Kontract *Eddie Kantar*

With this treasury of short articles, Kantar combines equal amounts of humor and instruction, along with some great stories and great bridge hands. Includes tips for your game and problems to test your play and defense. Enjoyable and insightful. 154 pages.
